Mint of the United States.

Philadelphia, 20th Feby 1885

In reg and to the inquiry made by the Director of the Mint in his letter of February 18th. We find by comparing the different records of the receipts of the Fine Silver Bars from the Newark Refinery during the year 1884. That the amounts on our Statements of Gold & Silver of Domestic Production are correct. We cannot say that these bars were all refined in ~~1884~~ Newark in 1884 We are almost certain they were not

Very Respectfully
W. L. Cochran
